**A Fast, Flexible way to Self-Author Custom Tests!**

- When standard question formats are simply not enough
- When you want to conduct a survey
- When you want a tech test that requires the candidate to write actual code
- When you need a custom test in a different language
- When you want an in-depth answer of any length
- When you need to craft the questions yourself

The SOLUTION is here. Add X'plain-It™, an exclusive new module, to your existing

**X'plain-it generates self-authored tests containing:**

- *Text*
- *Graphics*
- *Audio*
- *Video*

Or any combination of the above!

Technical specifications are available on request.

Custom tests require administrator grading. Results are then stored in the central database alongside the candidates' other results.
